

NEWDES

WE MAKE LIGHT- IN A WHOLE NEW WAY.

The luminaires shown are protected by design, utility or other patents and comply with the generally applicable standards.
Sompex is entitled to make technical changes. Photo, model and colour deviations may occur. All rights reserved. Illustrations are subject to ©copyright, reproduction, electronic recording and use only with the written permission of Sompex GmbH & Co. KG. Misprints and errors excepted.

PRINCIPLES

Design is more than just a beautiful shape. Good design is innovative, functional, easy to use and durable.

Sustainability starts with design, which is why NEWDES products are timeless in their form but technically state-of-the-art. Durability, replaceable batteries and good repairability are part of the design process at NEWDES right from the start.

Instead of special screws and firmly bonded components, we rely on easily dismantled individual parts wherever possible. This means that our products can not only be easily repaired if something breaks after years, but they can also be disposed of in a purely material way at the end of their life cycle so that new products can be created from them again – such as our rechargeable luminaires, which are made with recycled aluminum.

ESSENCE

Scaling it down to geometric shapes and pure functionality - the very essence of a lamp.

INDOOR & OUTDOOR

Splash-proof aluminum body.

DIMMMER

Haptic dimmer, adjustable colour temperature ...
Maximum features in a minimalistic design.

MOBILE & STATIONARY

Modern lithium-polymer batteries
provide 6 hours of brightness.

ESSENCE

Wireless table lamp for indoors and outdoors
Magnetic cable incl. (DC3,7V)
Splash-proof (IP54)
3,5 W, max. 145 lm, stepless dimmer
Colour temperature: 2.700-4.000 K
> 6 h run time, <4 h charging time
3000 mAh battery, exchangeable
Made with recycled aluminum

Ø 9 cm

34 cm

Ø 11,5 cm

SAFARI

An elegant, state-of-the-art reference to the classic fuel lantern.

INDOOR & OUTDOOR

Thanks to its weatherproof aluminum casing and chromed handle, Safari performs equally well inside and out.

MOBILE & STATIONARY

The matching base charges Safari as if by itself – for up to 9 hours of wireless light.

TOUCH SENSOR

Infinitely variable touch dimmer and integrated charging indicator.

SAFARI

Wireless table lamp for indoors and outdoors
Charging base incl. (DC5,0V)
Splash-proof (IP54)
3 W, max. 210 lm, stepless dimmer
Colour temperature: 3.000 K
> 9 h run time, <8 h charging time
2 x 2200 mAh battery, exchangeable
Made with recycled aluminum

Ø 23,5 cm

35,5 cm

Ø 10 cm

MERIDIAN

Slim design for a wide range of uses.

INDOOR & OUTDOOR
Splash-proof aluminum body.

DIMMER
Adjustable brightness and colour temperature for different living and working situations – thanks to the touch dimmer.

2 SIZES
The Meridian table lamp is available in 20 cm & 30 cm.

MERIDIAN SMALL

Wireless table lamp for indoors and outdoors
Magnetic cable incl. (DC3,7V)
Splash-proof (IP65)
2,5W, max. 110 lm, stepless dimmer
Colour temperature: 2.700K - 4.000K
>12 h run time, <6,5 h charging time
4.400 mAh battery, exchangeable
Made with recycled aluminum

MERIDIAN BIG

Wireless table lamp for indoors and outdoors
Magnetic cable incl. (DC3,7V)
Splash-proof (IP65)
4W, max. 180 lm, stepless dimmer
Colour temperature: 2.700K - 4.000K
>11 h run time, <10 h charging time
6.600 mAh battery, exchangeable
Made with recycled aluminum

White

TURN

A celebration of the combined force of haptic experience and the benefits of modern LED technology.

TURN

DIMMER

Switch on and dim with a rotary knob, milled from solid aluminum.

INDOOR & OUTDOOR

Splash-proof aluminum body.

MOBILE & STATIONARY

Equally beautiful used stationarily or on the go thanks to its charging station harmoniously integrating into the design.

TURN

Wireless table lamp for indoors and outdoors
Charging base incl. (DC5V)
Splash-proof (IP54)
3 W, max. 188 lm, stepless dimmer
Colour temperature: 3.000K
>9 h run time, <8 h charging time
4.400 mAh battery, exchangeable
Made with recycled aluminum

COIL

The interplay of traditional design and modern technology makes it a timeless classic.

INDOOR & OUTDOOR

Splash-proof aluminum body.

COIL

DIMMER

An all-metal rotary knob serves to regulate the brightness.

LEUCHMITTEL

The warm light of a filament lamp, produced with modern LED filament.

Felix Stark

Florian Burghard

Stephan Burghard

ABOUT NEWDES

Newdes is a joint project of designer Felix Stark and entrepreneurial duo Florian and Stephan Burghard.

Felix Stark has been operating “Studio Formstark für Produktdesign” since 2004. His works for national and international customers are being exhibited frequently and have been awarded with design prizes. The designs are characterised by innovative ideas and consistent design down to the last detail.

Cousins Florian and Stephan Burghard look back on more than 70 years of design history. As early as the 1950s, the company founder Rolf O. Burghard cooperated with companies like Arabia, Nordisk Solar and Nuutajärvi (Iittala). Florian and Stephan have been running the company as managing directors in the third generation since 2014 and manufacture for prestigious brands, e. g. Villeroy & Boch.

The three of them met in 2017 and decided to found a new brand, which combines their main competences: Florian Burghard’s relentless search for the best production opportunities, Felix Stark’s innovative designs and Stephan Burghard’s organizational and commercial skills. Shortly afterwards, the brand NEWDES was born.
