However, NeXtime cannot guarantee and assumes no legal liability or responsibility for the accuracy or completeness of the information provided. NeXtime reserves the right to make any changes necessary.

Dear NeXtime Friends,

Looking back at the year of 2020, Covid-19 is definitely the most impactful happening to the whole world since decades!

Many countries have experienced different kinds of lockdowns throughout the year and strict social regulations are launched. Lives are no longer the same as before, the whole society has also changed.

As much as it sounds negative, the situation also has some positive points. It brought people back to paying attention about the essence of life, about spending valuable time with families, staying healthy and treasuring even the tiniest things that we possess or can do.

We should stay positive always and strive our best to adapt to changes and make the best out of it.

We will all make it well and better, together!

For NeXtime, we are grateful that, in 2020, our sales network has been expanded with several new distributors and bigger customers from different countries
For 2021, NeXtime, being a clock specialist, will continue to strengthen the brand with online and offline promotions together with all of our partners. We will also expand our product category to reach out to a wider customer/consumer base like Garden clocks, Digital clocks with multi-functions and more...

Exciting things ahead , so please stay tuned!

About

NEXTIME

NeXtime is a Dutch brand specializing in clocks. With 50 years of experience in designing and manufacturing clocks, and trading in many countries around the globe, NeXtime is one of the world's leading clock company.

We offer a large collection with silent clocks and unique designs. With our ambitions, we ensure that our clocks add value to any room.

NeXtime, Clocks for every interior!

Why

NEXTIME

Collection
We offer a broad collection covering different price segments with the highest quality standards.
We are inspired by interior trends, new technologies and are working with surprising material combinations.
We make clocks unique yet affordable!

Quality control
The quality of our products is one of the most important matters when developing and manufacturing our clocks. We have our own quality department that makes sure every clock leaving the warehouse fits our high standard on both product and packaging.

Marketing
NeXtime undertakes various marketing activities to strengthen the brand. NeXtime helps you reach out to your customers, both online and offline. Through joining efforts, we can gain maximum and mutual benefit with the best brand exposure and awareness globally. In return, we can both share more business by expanding the market.

As a NeXtime Partner, you are a part of our family; you receive access to our exclusive marketing tools to build your business. Clear content marketing is important in today's world; being a Partner, you have access to many different updated sources of marketing materials:
- Video & Photo Content (product photos, atmosphere and interior photos)
- Detail Product Descriptions
- Retail Presentation ideas

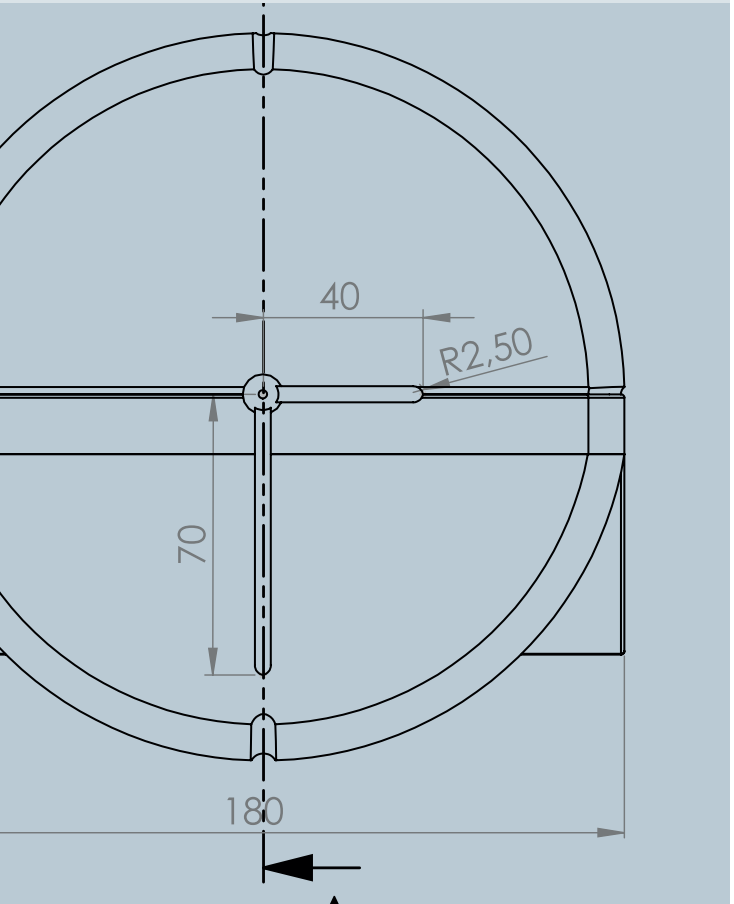
Service & support
We believe service is the key success factor for our company. We offer many comprehensive services like:
- Drop Shipment: we can send directly to your customers!
- Online Order Portal: you can order 24/7 online with real time stock status
- Product Feed: including stock information, prices and product information
- Warranty: We offer 2 year's warranty for all of our clocks

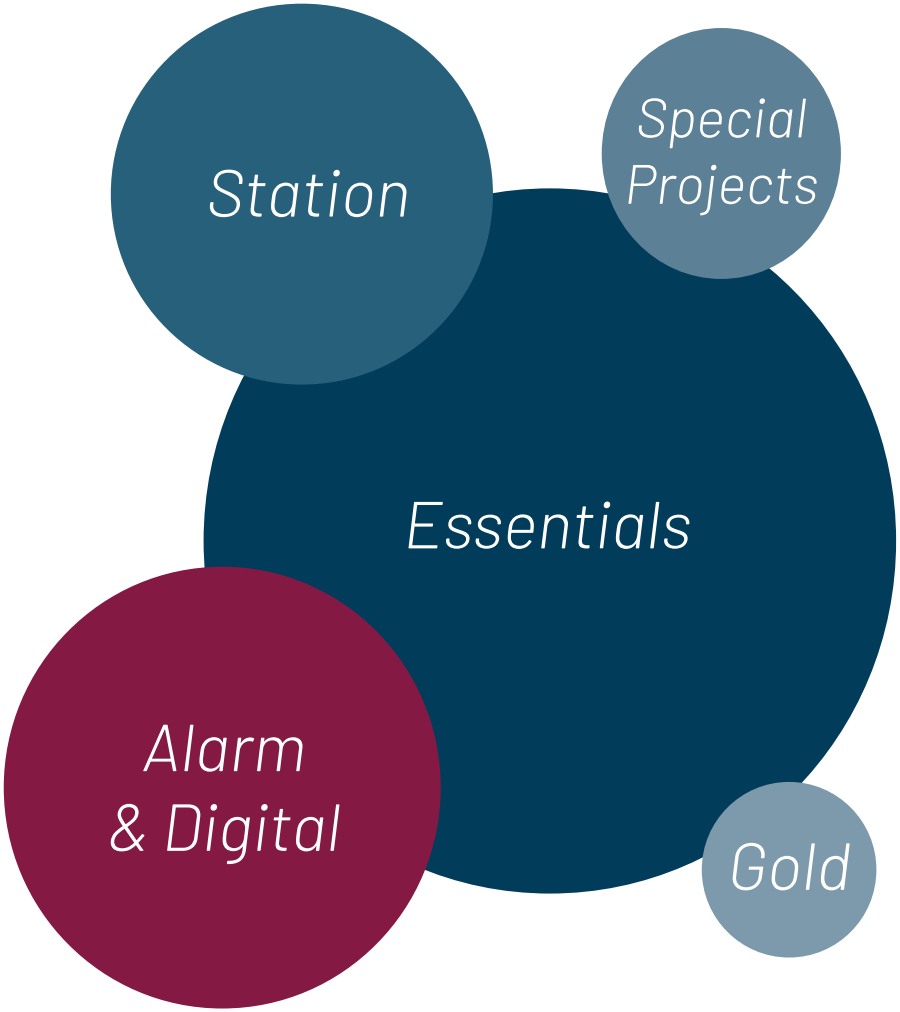
With our commitment in services and support, you can count on us!

NEXTIME

NEXTIME

NeXtime Collection
NeXtime has a broad collection with unique designs at affordable prices. Each represents an unique design direction!





NEXTIME
Essentials

NeXtime Essentials has been developed in collaborations with various designers and represents unique designs in different styles. The collection stands for creativity, surprising combinations, diversity, passion, originality, affordable prices and quality.

Essentials

Flip clock

The "Flip Clock" has a classic and authentic design with a cool retro look. You can easily hang this clock on any wall or place it on a table, making it a beautiful and functional accessory for your home or office. The clock displays analog time with flips that change with the passage of the minutes and hours. The case has a transparent front that protects the flips from dust.

Nightingale

We all know the traditional cuckoo clocks and now we have developed a modern trendy variant. This clock has a deep case in ABS material, a natural wooden look provided with special designed colourful hands. The humming bird will appear every hour and will give a wonderful sound (not the traditional "cuckoo cuckoo"). Oh but don't worry if you want to hang this clock in your bedroom, during the night the sound turns off automatically so it won't wake you up! The clock has a mute function and you can adjust the volume.

Japanese Design

These Japanese Design Wall clocks are designed by Ampersand Factory, a new interior brand and design studio based in Japan (established in 2018). Chief designer, Michihiro Sasai, has a wide range of product design experience specialized in lamps, clocks and interior products. Through expressing the natural element of materials, each product they create reflects a unique charateristic. Their strength is in the elaboration of combining different materials especially wood. Being Japanese having unique aesthetics, they persue an uncompromising approach when it comes to design and quality!

Elegant & Basic

We want NeXtime to have a broad and world wide collection, from elegant, unique to basic.... this is what creative director & owner Alain Frie was thinking before he came up with this idea. The design is worked out by DEAL Design and connects the basic black and white with an elegant design.

Station Clocks

are incredibly popular and are best known for the clear display of time. Not only at the station or in offices but also in many houses you will find a station clock nowadays. NeXtime has a wide range of quality station clocks. Each clock has a unique characteristic such as, the format, the use, the dial, or the movement.

**Easy assembling.
Clocks are connected to
the frame by magnets**

ALWAYS THE EXACT TIME

A Radio Controlled clock (often referred to as RC or DCF) is set to an atomic clock by radio signals due to the movement in the clock. This ensures that your clock always displays the correct time and you do not have to change your clock to summer- or winter time anymore

The Radio Controlled clocks by NeXtime are controlled by the DCF77 atomic clock located near Frankfurt in Germany. This atomic clock gives a signal within a radius of about 1500 kilometers. Our clocks represent the Central European Time (CET). Note: England is not in this time zone.

According to the calculation, the accuracy is 1 second per 1 million years. Do you want to be sure that you always have the exact time? Then choose Radio controlled!

Special Project 1

Jan des Bouvrie

Jan des Bouvrie has become a household name in the Netherlands. His award winning work as designer can be found in almost every home.

The heart of all of his designs is based on symmetry and his wish to reduce things to the simplest form: "Never forget the essential".

One of his last designs is this special collection for NeXtime which has the typical Jan Des Bouvrie signature with it's clear, clean design and symmetric look.

We are proud to have these clocks our collection.

USB battery

We want to reduce the use of disposable batteries since they are a burden for the environment. This is why we are offering an alternative; NeXtime USB batteries. When batteries in clocks, or other devices that run on batteries, will be provided with NeXtime rechargeable USB batteries, this will contribute to a sustainable planet.

- Recharge up to 2000 times
- Easy charge in every USB port
- Fully charged in 2-3 hours
- Charge indicator
- Ideal for everyday use and for travel
- Including storage box

New Beauty

The New Beauty is the successor of the Beauty (2590). By adding wooden elements to the design, the clock is even more unique and a real centre piece in your room.

By using a mechanical movement, NeXtime is going back to its roots. Making mechanical clocks is what made NeXtime known.

Presentation

Clock presentation

We have developed this standard for presentation purposes. The standard can be used for sizes up to 43 cm.

Clock standard • 9040
28 x 18 x 12 cm • Acrylic

The Clock Tower

We offer a great way to showcase the clocks and keep stock of them at the same time. The wooden clock tower has been a proven success to increase sales in stores and in various markets.

Our Clock Tower can show a minimum of 16 different clocks. There is room to stock 4 to 5 pieces of every clock. This is very convenient for the consumer to pick the items they select. Sales is always better when the clocks are hung on the wall and presented nicely. The clock tower gives you this opportunity without drilling holes on your walls. You can also change the assortment regularly without the display gets out of style.It is the most efficient way to show so many clocks on only 1m² in floor space in your store.

The clock tower is free standing and can be placed anywhere in any store.

Clock tower • 9035
80 x 80 x 200 cm • Wood

The Clock Rail

Our unique NeXtime Clock Rail is a strong and creative medium to present our clocks, resulting in more customer engagement and boost in sales. The Clock Rail is NeXtime branded, it can be securely fitted to practically any wall and provides an easy way to hang NeXtime clocks instantly. The NeXtime Clock Rail is uniquely equipped with special 'clock hangers' which simply attaches to the Clock Rail, providing a hanging system for approximately 10 clocks per NeXtime Clock Rail.

- Easy way to hang NeXtime clocks
- Use when there is not a lot of space
- At smaller shops
- It has an attractive look
- It triggers customers to buy a clock
- No need to drill al lot of holes in the wall
- All clocks together for more impact
- Strong branding
- No use of floor space

NXT

About nXt

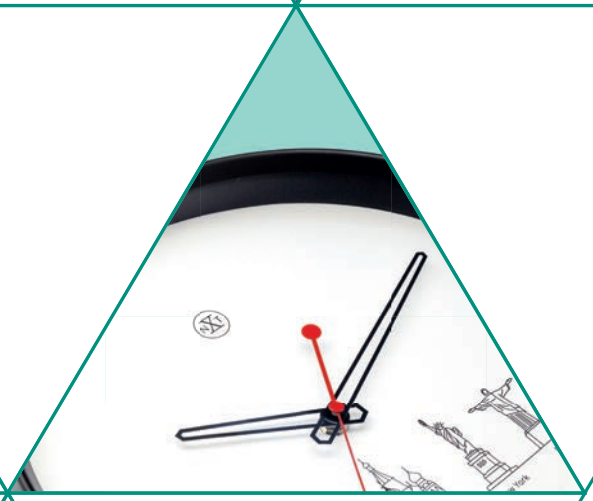
nXt is part of NeXtime International's brand portfolio that offers more mass appeal and affordable clocks. We have divided this group into a nXt collection and nXt customised.

nXt collection

The nXt collection is about different basic styles, affordable prices, versatile ideas and the highest quality build.

nXt customised

The nXt customised projects are for businesses with special requests. We can make design proposals, add a logo and customise the different parts of the clock together with the customer. The nXt customised will be used for OEM purpose and start with orders around 500 pieces. Please contact us for more information; info.hk@nextime.eu



Collection 2021

Vintage

We have implemented the popular "Vintage" style in our nXt collection. The collection is characterized by it's size and its own NeXtime touch of design.
