

NEX TIME

Industrial Collection

Dear NeXtime friends,

We see an increasing trend for big and industrial styled clocks. NeXtime is always trying to stay as close to the trend as possible. For this reason we are bringing some big and bold clocks that fit well to a loft and industrial style interior. These clocks are a great addition to your collection and will be shipped in time for the winter season sales. Although they are big time pieces we will ship them packed so that they are drop ship ready. We hope you will select these clocks for your collection in order to expand the NeXtime footprint in your market.

Due to it's silent movement
these wall clocks also fits
perfectly in any bedroom!
